Dear Mrs Boyd,

Thank you so much for raising £35.00. Your kind donation will help Great Ormond Street Hospital to continue to provide world-class medical care for its young patients.

We rely on the amazing support of fundraisers like you to allow us to:

- Buy specialist equipment that improves treatments and diagnosis for young people, children and babies.
- Rebuild and refurbish the hospital so that we can treat more patients than ever before in state-of-the-art facilities.
- Fund family accommodation where parents can stay close to their child.
- Continue our incredible pioneering research to find cures and treatments for childhood diseases, giving children all over the world a brighter future.

On behalf of the staff, parents and patients at Great Ormond Street Hospital, thank you.

Yours sincerely

Matt Forrest
Head of Community Fundraising
